# Apprenticeship Summary

## Overview of the Role

Work and interact directly with children on a day to day basis supporting the planning of and delivery of activities.

## Occupation Summary

This occupation is found in a range of private and public settings including; full day care, children's centres, pre-schools, reception classes, playgroups, nursery schools, home based provision, hospitals, social care settings, out of school environments and local authority provision to deliver the Early Years Foundation Stage (EYFS) requirements set by the government for the learning, development and care of children from birth to five in both indoor and outdoor environments.

The broad purpose of the occupation is to work and interact directly with children on a day to day basis supporting the planning of and delivery of activities, purposeful play opportunities and educational programmes within the ethos of the setting. An Early Years Practitioner (EYP) works as part of a professional team ensuring the welfare and care for children under the guidance and supervision of an Early Years Educator, teacher, or other suitably qualified professional in the early years workforce.

In their daily work, an employee in this occupation interacts with parents, children, colleagues and wider multi agency professionals and partners such as health visitors, social workers and speech and language therapists. Individuals will undergo all checks as per the EYFS requirements to ensure suitability to work with children. Due to the nature and level of responsibility, it is not anticipated that the role would have any budgetary or leadership responsibilities.

They will be responsible for supporting child initiated and adult led activities based around the needs and interests of each individual child, supporting children's learning through planned, purposeful play opportunities and educational programmes and working as part of a team to ensure each child feels safe and secure. An EYP will also support the observation and assessment of each child and contribute to their learning experiences and assist with the care needs of the individual child such as teeth, skin, hair, feeding, changing nappies and toileting under the direction of a more senior member of the team. They will also work in partnerships with other colleagues, parents and/or carers or other professionals, with support from a more senior member of the team, to meet the individual needs of each child. They will also have a responsibility for ensuring that they recognise when a child is in danger and/or at risk of serious harm or abuse and contributing to the health and safety of the children, staff, and others on the premises.

## Typical Job Titles

Assistant Childminder, Early Years Practitioner, Nanny and Early Years Worker, Nursery Assistant, Nursery Nurse, and Nursery Practitioner.

# Assessment Methods

This end-point assessment (EPA) consists of two assessment methods:

Knowledge Test

Professional Discussion

## Assessment Order

The assessments can be taken in either order.

## EPA Window

The EPA must be completed within an EPA period lasting typically three months, after the EPA gateway.

## Gateway Considerations

Before the apprentice can start their EPA, the training provider is required to upload the following:

- Photo ID
- Portfolio of evidence
- Evidence of TQUK Level 2 Diploma for the Early Years Practitioner (RQF) or an equivalent qualification

At gateway, the training provider is also requested sign a declaration to confirm that the English and maths requirements have been met in line with the funding rules.

# Knowledge Test

The knowledge test consists of **40 questions** with four possible answers for the apprentice to choose from, one of which is correct. One mark is awarded for each correct answer.

The questions will assess the knowledge criteria assigned to this assessment. There will be five questions related to K5 and five questions related to K8. The apprentice will need to correctly answer three in each to attain a pass.

The apprentice will have a maximum of **60 minutes** to complete the test.

Apprentices may take their test on paper or online. The apprentice must take the test in an invigilated and controlled environment. This is a closed-book test; the apprentice is not permitted to refer to notes.

## Grading

This assessment is graded according to the table below.

In order to pass the test, as well as achieving the minimum number of marks below, the apprentice must correctly answer at least three questions related to K5 and at least three questions related to K8.

Marks	Percentage	Grade
0-25	0-63%	Fail

## Observations and Other Evidence

The apprentice's portfolio must include **two direct observations**, each lasting a minimum of **60 minutes**.

Observation must be carried out within the **last three months of the apprenticeship** and take place at the apprentice's usual place of work.

Where possible, these should be videoed. Any video recordings must **not** be submitted with their other evidence. If video evidence is used, the professional discussion must be held face-to-face to allow the End-Point Assessor to view the videos on site before the assessment begins.

If video recordings are not possible due to safeguarding concerns, written accounts are acceptable. Written accounts must be conducted by someone appropriately qualified and in a position of responsibility, such as a line manager, senior manager, or On-Programme Assessor. The written accounts must be objective, i.e. no opinions or judgements.

Other evidence may include, but is not limited to:

- planning documents
- health and safety documentation
- confidentiality and safeguarding policies and procedures
- progress review documentation
- witness testimonies, and
- feedback from colleagues, parents and guardians.

# Professional Discussion

The professional discussion can take place face-to-face or remotely. The apprentice must take this assessment in a controlled environment.

The training provider will submit the apprentice's portfolio of evidence at gateway. The End-Point Assessor will then have **two weeks** to prepare questions for the professional discussion based on the contents of the apprentice's portfolio and relevant to the KSBs assigned to this assessment.

The professional discussion will last **90 minutes**. The End-Point Assessor has the discretion to increase the time of the professional discussion by up to 10% to allow the apprentice to complete their last answer. No new questions will be asked after the time limit has been reached.

The End-Point Assessor will ask the apprentice **a minimum of 10 questions**.

During the discussion, they may refer to the apprentice's portfolio and to notes.

## Grading

This assessment is graded distinction, pass or fail according to the grading criteria.

To achieve a pass in this assessment, the apprentice must meet all the pass criteria. To be awarded a distinction, the apprentice must meet all the pass criteria and all the distinction criteria.

If the apprentice does not meet all the pass criteria, this assessment will be graded as a fail.

# Overall Grading

This standard is graded distinction, pass or fail. Each assessment component is graded individually. Once the apprentice has completed all assessment components, the grades are combined as described in the table below to determine their overall grade.

Knowledge Test	Professional Discussion	Overall Grade
Pass	Pass	Pass
	Distinction	
Distinction	Pass	Distinction
	Distinction	
A fail in any assessment component will result in a fail overall.		

## Resits and Retakes

If the apprentice fails any of the assessment components, they will be eligible for a resit or retake.

If the apprentice requires a resit or retake, their overall EPA grade will be capped at a pass, unless Training Qualifications UK determines there are exceptional circumstances the full range of grades will be available to them.

All resits and retakes must be undertaken within six months of the original fail outcome, otherwise the entire EPA must be resat or retaken.

## Appeals

Training Qualifications UK's Appeals Policy, including time frames, can be found [here](#).
