Managing teams and projects to meet a private, public or voluntary organisation's goals.

Occupation Summary

A Team leader or Supervisor is a first line management role, with operational and project responsibilities or responsibility for managing a team to deliver a clearly defined outcome. They provide direction, instructions and guidance to ensure the achievement of set goals. Working in the private, public or third sector and in all sizes of organisation, specific responsibilities will vary, but the knowledge, skills and behaviours needed will be the same whatever the role.

Key responsibilities are likely to include supporting, managing and developing team members, managing projects, planning and monitoring workloads and resources, delivering operational plans, resolving problems, and building relationships internally and externally.

Typical Job Titles

Supervisor, Team leader, Project officer, Shift Supervisor, Foreperson, and Shift Manager.

Progression

On completion, apprentices may choose to register as Associate Members with the Chartered Management Institute and/or the Institute of Leadership and Management, to support their professional career development and progression.

Assessment Methods

The end-point assessment (EPA) for this standard consists of two assessment methods/components:

Presentation with questions and answers

Professional discussion underpinned by a portfolio of evidence

Assessment Order

The assessment methods can be delivered in any order.

EPA Window

The EPA will be completed within a period lasting typically of four months, after gateway.

Gateway Considerations

Before the apprentice can start their EPA, the training provider is required to upload the following:

- Photo ID
- Portfolio of evidence

At gateway, the training provider is also requested sign a declaration to confirm that the English and maths requirements have been met in line with the funding rules.

Presentation with Questions and Answers

This assessment can be conducted face-to-face or remotely.

The presentation will typically last **20 minutes** and will be followed by a question and answer session which will typically last **30 minutes**, for a **total assessment time of 50 minutes** (+10% at the End-Point Assessor's discretion, split in any proportion across the assessment).

Presentation

Apprentices will prepare and deliver a presentation (followed by questions and answers) based on topic(s) covered within the apprenticeship, as follows:

- Reviewing ways to reduce cost and increase efficiency in a business environment.
- Implementing a performance management process within a team or business unit.
- Supporting your team through a period of change within your organisation.
- Managing a difficult situation within your team.
- Supporting teams to be high performing.
- Reviewing organisational strategy and culture within the organisation.
- Data management and technologies used in business.
- Reviewing leadership strategies and equality in the workplace.

Apprentices are free to choose the medium in which to present, such as a PowerPoint/Keynote presentation, handouts or a poster.

Once the title has been set, apprentices will have **two weeks to prepare and submit** a copy of their presentation materials, such as slides or handouts.

Within **four weeks** after the title is set, the apprentice will deliver the presentation to the End-Point Assessor. The presentation will typically last **20 minutes**. The End-Point Assessor has the discretion to extend the total assessment time by up to 10%. They may do this to allow the apprentice to finish their final point during the presentation.

If the presentation lasts longer than 20 minutes this will result in the question and answer lasting less than 30 minutes to ensure compliance with the total assessment time of 50 minutes.

The presentation should provide a summary of apprentice's role as a Team Leader or Supervisor, what they do and how this is relevant to their role and organisation.

The presentation should cover the following elements:

- Identification of the topic areas being covered within the presentation.
- Overview of the activities undertaken relating to the topic area and how these related to their role.
- Results of chosen activity and lessons learned.
- What was achieved as a result of the activities.

If an apprentice fails the presentation, they will be offered the opportunity of a resit or retake. In such cases, the presentation title will remain the same.

Once the intent to resit or retake has been confirmed, the apprentice will have two weeks to resubmit presentation materials to the End-Point Assessor.

Question and Answer Session

Following the presentation, there will be a question and answer session that will typically last up to **30 minutes**. The End-Point Assessor has the discretion to extend the total assessment time by up to 10% to allow the apprentice to finish their final answer or point. No new questions will be asked after the time limit has been reached.

During the question and answer session, the End-Point Assessor will ask a minimum of **five questions**, with one question from each of the following groups:

- Team Building and Development
- Communication
- Organisational Culture and Strategy
- Problem Solving
- Data Analysis.

The purpose of these questions is to confirm the apprentice's understanding of their presentation and how it demonstrates the relevant KSBs, giving the apprentice the opportunity to achieve the highest possible grade. The End-Point Assessor may also ask follow-up questions to seek clarification.

Grading

This assessment is graded as distinction, pass or fail according to the grading criteria.

To achieve a pass in this assessment, the apprentice must meet all the pass criteria. To be awarded a distinction, they must meet all the pass criteria and all the distinction criteria.

If the apprentice does not meet all the pass criteria, this assessment will be graded as a fail.

Reflective accounts and self-evaluation cannot be included as evidence.

Apprentices must provide evidence for all the KSBs assigned to the professional discussion.

The portfolio of evidence will not be directly assessed by the End-Point Assessor; it will underpin the professional discussion.

Professional Discussion

The professional discussion can take place face-to-face or remotely.

The training provider will submit the portfolio of evidence at gateway. The End-Point Assessor will then have two weeks to prepare questions for the professional discussion based on the contents of the portfolio and relevant to the KSBs assigned to this assessment. The End-Point Assessor will not directly assess the portfolio.

The professional discussion will last **60 minutes**. A 10% variance is permitted at the End-Point Assessor's discretion to allow the apprentice to finish their final answer or point. No new questions will be asked after the time limit has been reached.

The End-Point Assessor will ask a **minimum of six competency-based questions**.
