## Occupation Summary

The role of a Customer Service Practitioner is to deliver high quality products and services to the customers of their organisation. The apprentice's core responsibility will be to provide a high quality service to customers which will be delivered from the workplace, digitally, or through going out into the customer's own locality. These may be one-off or routine contacts and include dealing with orders, payments, offering advice, guidance and support, meet-and-greet, sales, fixing problems, after care, service recovery or gaining insight through measuring customer satisfaction. The apprentice may be the first point of contact and work in any sector or organisation type.

The apprentice's actions will influence the customer experience and their satisfaction with their organisation. They will demonstrate excellent customer service skills and behaviours as well as product and/or service knowledge when delivering to their customers. The apprentice provides service in line with the organisation's customer service standards and strategy and within appropriate regulatory requirements. The apprentice's customer interactions may cover a wide range of situations and can include: face-to-face, telephone, post, email, text and social media.

## Link to Professional Registration

# Assessment Methods

This end-point assessment (EPA) consists of three assessment methods:

Apprentice Showcase

Practical Observation

Professional Discussion

## Assessment Order

The practical observation will be followed by the showcase. It is expected that the professional discussion will be the final assessment method.

## EPA Window

There is no prescribed EPA window, but the expectation is that all assessments will be completed within 12 weeks.

## Gateway Considerations

Before the apprentice can start their EPA, the training provider is required to upload the following:

- Photo ID
- Apprentice Showcase/Portfolio

At gateway, the training provider is also requested sign a declaration to confirm that the English and maths requirements have been met in line with the funding rules.

# Apprentice Showcase

## Outline of Assessment

The apprentice showcase will be completed after the apprentice has spent at least 12 months on-programme. It allows them to reflect on their entire learning programme and present evidence of how they have developed their knowledge, skills and behaviours (KSBs) over the whole on-programme period.

The apprentice's showcase may include work-based evidence such as:

- customer feedback
- recordings
- manager and witness statements
- performance reviews and feedback.

The apprentice showcase comprises two components:

- showcase
- interview

Following the End-Point Assessor's review of the showcase, an interview will take place between the apprentice and the End-Point Assessor. The interview will last no longer than 30 minutes.

## Showcase

The apprentice's showcase must include the following modules from the apprenticeship standard:

- Understanding the Organisation
- Meeting Regulations and Legislation
- Systems and Resources
- Product and Service Knowledge
- Influencing Skills
- Personal Organisation
- Dealing with Customer Conflict and Challenge
- Developing Self
- Being Open to Feedback
- Team Working.

The showcase can take the form of either a:

- written report, option 1, or a
- presentation, option 2.

### Showcase Option 1: Written Report

The written report allows the apprentice to evidence the key learning and development they have undertaken throughout their apprenticeship programme in a **written format**.

The written report will not exceed the **maximum of 3,000 words** and will be submitted at gateway. There is a minimum word count of 2,000 words. Anything exceeding the upper word limit will not be assessed and therefore will not contribute to the overall grade.

It is important that the apprentice takes the time to fully understand what they are being asked so that they can answer the questions. The apprentice is permitted to take notes and their showcase into the interview to help inform and validate their responses.

### Showcase Option 2: Presentation

The presentation allows the apprentice to evidence the key learning and development they have undertaken throughout their apprenticeship in a **visual format**.

The presentation will be a **maximum of 35 slides** and will be submitted at gateway. The apprentice may use Microsoft PowerPoint, Apple Keynote, Prezi, or other similar software to produce their presentation.

The apprentice is not required to deliver their presentation to the End-Point Assessor live. They may accompany their presentation with an audio and/or a video recording of their delivery of the presentation lasting up to 30 minutes (+10%), but this is not mandatory.

There is no minimum number of slides or length of audio, as the presentation will be considered on the quality of the content rather than the quantity. Any slides or audio exceeding the upper limits stated will not be assessed and therefore will not contribute to the overall grade.

The structure provided for the Written Report Template may also be used for the presentation.

### Showcase Interview

The second component of the apprentice showcase is the showcase interview. This is a formal assessment and must take place in a controlled environment.

The interview will last for a **maximum of 30 minutes** and will focus on the contents of the showcase, allowing the apprentice to confirm their knowledge. The questions may link to research the apprentice has carried out, key learning activities they have undertaken, or their role and core duties.

It is important that the apprentice takes the time to fully understand what they are being asked so that they can answer the question. The apprentice is permitted to take notes and their showcase into the interview to help inform and validate their responses.

### Grading

This assessment is graded distinction, pass or fail according to the grading criteria.

To achieve a pass in this assessment, the apprentice must meet all the pass criteria.

To be awarded a distinction, the apprentice must meet all the pass criteria and 7 out of 10 distinction criteria (70%).
